
BUILDER'S CLUB

The Builder's Club we sponsor at Riverhill School club was chartered on May 22, 2006 with 41 members and is now one year old.

When middle school and junior high students began to show an interest in organizing to serve their schools and communities, the Builders Club program was launched in 1975. With support from Kiwanis clubs, Key Clubs, and Circle K clubs, the Builders Club network has grown to include more than 1,500 clubs and 44,000 members in 13 nations.

Objects of Builders Club

- * To provide opportunities for working together in service to school and community.
- * To develop leadership potential.
- * To foster the development of strong moral character.
- * To encourage loyalty to school, community, and nation.

WELCOME NEW MEMBERS

On February 9, 2007, David Beasley and Sam Brentnall inducted Mike Buckreus. Mike, who is originally from Fayetteville, AR, is a graduate of Northern Illinois University, and has been in the Shoals Area for seven years. He is the plant manager at Sara Lee, from which we get our good Pancake Day sausage. He has five daughters, two of whom still live at home with him.

Inducted on February 16, 2007, Don Matthews, a Realtor- with Real Estate Shoals, has joined the club. Don is a lifelong resident of the Shoals. He and his wife, Paisley, have two children.

Also recently joining the club is Brian Crown, inducted on March 9, 2007. Brian is a graduate of the University of Delaware with an accounting degree. He came here with the Hon Company, but after they transferred him to Richmond, he returned to the Shoals area and opened Liberty Tax Service, on Florence Boulevard. Brian has a girl age 16 and a boy age 14.

Welcome these three new members.

CLUB NEWS

Julie Moritz has assumed responsibility for our participation in the Meals on Wheels program. She has had good support from the membership when she looks for volunteers to deliver the meals to the homebound.

The Alabama District Convention will be in Huntsville, August 10-12. We should have a good representation since the meetings are so close. Events planned include a Space and Rocket Center visit and tours of historic homes.
